D'ANDREE'S INVICORATING CORDIAL

TOR GENITAL DEBILITY. IMPOTENCY, INCONTINENCE, OR NOCTURNAL EMISSIONS, &c.—The astonishing success which has attended this invaluable medicine, for Loss of Muscular Energy, Physical Leastitude, and General Prostration, or any of the consequences of youthful indiscretion, or indulgence of the passion in riper years, renders it the most valuable preparation ever discovered. In fact, as a remedy for the above complaints, it stands unrivalled and aione. There is no other reliable remedy, or any that has authentically received the sanction of the Medical Faculty. The WONDERFUL VEGETABLE PRODUCTION of which this medicine is composed has been tested, and its virtues proclaimed, by the highest names of the faculty of London, Paris, and the chief cities of Europe, as well as by eminent Physicians in this country. It is the only infallible remedy for NERYOUS, HEAD, and MIND COMPLAINTS—the mental physic so long sought for and never before found—the only agent that can administer to MIND DISEASES. It will remove all nervous affections, DEPRESSION, EXCITEMENT, incapacity to study or business, loss of MEMORY, CONFUSION, thoughts of self-destruction, fear of insanity, &c. It will restore the appetite, renew the health of those who have destroyed it by some that these disorders, emissions, &c., were incurable. This, however, is not the fact.

DR. MORSE'S INVIGORATING CORDIAL has cured, and is constantly curing, these complainta—relieving the mental and bodily incapacity of the unfortunate sufferer, as

and is constantly curing, these complaints—relieving the mental and bodily incapacity of the unfortunate sufferer, as the following testimony of the names received will conclu-

mental and bodily incapacity of the unfortunate surerer, as the following testimony of the imms received will conclusively show:

Dr. Woodward, of ——, Massachusetts Insane Hospital, writes of one of his patients being cured by using this Cordial thus: "It gives me pleasure to inform you that one of my patients, while in Boston, precured some of your Cordial. He tells me that he has not had a single emission since he commenced taking it, while before he had two or three a week. When he applied to me," says Dr. W., "I thought it hardly pessible for him ever to regain his full strength. I prescribed the usual medicine used in those cases in the hospital, but they had no effect. In the mean time he purchased some of your Cordial, which has effected a cure I am sure no other medicine would. I shall ever resommend it, whenever an opportunity occurs."

The nature of the muladies relieved by this Cordial are generally such as to leave the publication of certificates of cures out of the question. The proprietor could produce a host of the most conclusive testimony to show that the great reputation it enjoys was not accidentally obtained, but is firmly based upon its positive and apparently mirsculous virtues. In all directions are to be found the happy parents of healthy offsprings, who would not have been so but for this extraordinary preparation. And it is equally potent for many diseases for which it is recommended.

THE MEDICAL JOURNALS have not, in a single instance that has been authenticated, given their sanction to any other preparation for the above

have not, in a single instance that has been authenticated, given their sanction to any other preparation for the above complaints. It has, in many violent and desperate cases, effected radical cures, after patients had been shandoned, and their condition pronounced hopeless by medical practitioners of high professional character.

THE COMMON EXPRESSION

of those who have used this Extract is; "I had heard your Cordial highly spoken of, but was one of the incredulous in regard to its merits, having tried various medicines sold for the same purpose, (different Sarssparilias,) without deriving any benefit. I had almost given up all hope of obtaining relief, when I purchased some of your Cordial. I had no faith whatever of its benefiting me—but it has. I feel stronger, have had no emissions since, although it is not three weeks. I am satisfied that the half a dozen bottles I took will cure me."

Another says: "I had consulted several distinguished

DR. JOHNSTON.

Member of the Royal College of Sungions, London, Graduate from one of the most eminent College of the United Status, and the greater part of whose life has been spent in the Hospitals of London, Paris, Philadelphis, and elsewhere, has effected some of the most estimating cures that were ever known. Many troubled with rigging in the ears and head when naises, great nervousness, being alarmed at sudden sounds, and bashfulness, with frequent blushing, attended sometimes with derangement of mind, were cured immediately.

TAKE PARTICULAR NOWFOR

ad sometimes with derangement of mind, were cured immediately.

TAKE PARTICULAR NOTICE.

Dr. J. addresses all those who have injured themselves by private and improper indulgences, that scoret and solidary habit, which ruin both body and mind, unfitting them for either business or society.

These are some of the sad and melancholy effects produced by early habits of youth, viz: Weakness of the Back and Limbs, Pains in the Head, Dimness of Sight, Loss of Muzcular Power, Palpitation of the Heart, Dyspeysis, Nervous Irritability, Derangement of the Digestive Functions, General Debility, Symptoms of Consumption, &c., &c.

Mentally.—The fearful effects on the mind are much to be dreaded. Loss of Memory, Confusion of Ideas, Depression of Spirits, Evil Forebodings, Aversion of Society, Belf Distrust, Love of Solitude, Timidity, &c., are some of the evile produced.

Love of Solitude, Timidity, &c., are some of the evils produced.

NERVOUS DEBILITY.

Weakness of the system, Nervous Debility and premature decay generally arise from the destructive habit of youth, that solitary practice so fatal to the healthful existence of man, and it is the young who are most apt to become its Victims, from an ignorance of the dangers to which they subject themselves. Parents and Guardians are often misled with respect to the cause or source of disease in their sons and wards. Alsa! how often do they sawribe to other causes the wasting of the frame, Palpitation of the Heart, Dyspopsia, Indigestion, derangement of the Nervous System, Cough, and Symptoms of Consumption; also those serious Mental effects, such as also so Memory, Depression of Spirits, or peculiar its of Melancholy, when the truth is, they have been caused by indulging in Pernicious but alluring practices, destructive to both Body and Mind. Thus are swept from existence thousands who might have been of use to their Country, a pleasure to their friends, and Gramments to Society.

DR. JOHNSTON'S INVIGORATING REMEDY FOR OR-GANIC WEAKNESS.

GANIC WEAKNESS.

This grand and important Remedy has restored strength and vigor to thousands of the most debilitated individuals, many who had lost all hopes, and been abundaned to die. By its complete invigoration of the Nervous System, the whole faculties become restored to their proper power and functions, and the falien fabric of life is raised up to beauty, consistency and duration, upon the ruins of an emaciated and premature decline, to sound and pristine health. Oh, how happy have hundreds of misguided youths been made, who have been suddenly restored to health from the devastations of those territic maladies which result from indiscretion! Such persons, before contemplating

MARRIAGE,
should reflect that a sound mind and bedy are the most necessary requisites to promote commulsal happiness. Indeed,
without this, the journey through life becomes a weary pilgrimage; the prospect hearily darkens to the view; the mind
becomes shadowed with despair, and filled with the melancholy reflection that the happiness of another becomes blightad with our own. Let no false delicacy prevent you, but

ed with our own. Let no false delicacy prevent you, but apply immediately.

He who places himself under the care of Dr. Johnston may religiously confide in his honor as a Gentleman, and confidently rely upon his skill as a Physician.

TO STRANGERS.

The many thousands cured at this institution within the last ten years, and the numerous important Surgical Operations perficiently Dr. J., witnessed by the Reporters of the papers and many other persons, notices of which have appeared again and again before the public, is a sufficient guara-ity that the afflicted will find a skilful and honorable physician.

insist ten years, and the numerous important Surgical Operations perfermed by Dr. J., witnessed by the Reporters of the papers and many other persons, notices of which have appared again and again before the public, is a sufficient guaraty that the afflicted will find a skilful and honorable physician.

It is with the greatest reluctance that Dr. Johnston permits his eard to appear before the public, deeming it unprofessional for a physician to advertise? but unless he did so, the afflicted, especially strangers, could not fall to fall into the hands of those imprudent, boasting impostors—individuals destitute of knowledge, name, and character—pediars, shoomakers, mechanics, &c., advertising themselves as physicians; ignorant quacks, who keep you trifling month after month, as long as possible, and in despair leave you with ruined health to sigh over your galling disappointment. It is this motive alone that induces Dr. J. to advertise, for healone can care you. To those unequainted with his reputation he deems it necessary to say, that his credentials or diplomas always hang in his Office.

KRAUSER'S PATENT CLOVER-SEED HARVESTER

KRAUSER'S PATENT CLOVER-SEED HARVESTER
IS BEFORE THE PUBLIC FOR THE FIRST TIME
I TS utility is beyond comparison with any other farming
implement now in use. It takes the seed from the field,
leaving the straw or grass all standing. It weighs two hundred and fifty pounds, is drawn by one horse, and gathers
from ten to twelve scres per day. The fingers, or teeth,
eath all the heads, the revolving knives cut them off and
throw them back into the box, which will cross a twentyacre field without emptying. The heads are then loaded
into a wagon and taken directly to the mill for cleaning,
thus diminishing the labor three-fourths, and saving all the
seed. This machine comes so low that every farmer will
have it, and pays the manufacturer 300 per cent.

KRAUSER'S PATENT CLOVER-SEED HARVESTER.—
We have conversed with a number of Farmers, and they are
of opinion that there are at least 3,000 acres in each township in Camden or Gloucester county, New Jersey. Admitting there are but 1,000, it is said that each acre will yield
from 1½ to 3 bushels. Reducing it to a certainty of yielding
but 1 bushel per acre, what will it cost to gather and thresh
1,000 acres?

150 \$500 Cost of harvesting, &c., 1,000 acres.

culation.

Perhaps no invention offers greater inducements for a profitable investment than the Harvester. For an enterprising young man, of good business habits, a large sum of money could without doubt be realized from the sale of rights in the different States of the Union not yet disposed of. By calling at this office, it can be demonstrated satisfactorily that men of moderate capital could not choose a better or more money-paying business.

Those who wish to see a model of this celebrated farming implement, and the satisfactory manner in which it operates,

Who in angel beauty died. Gentle Eva, loving Eva, Sleeping by the ebbing wave, Wall or woe shall never grieve her, Shrouded in her mossy grave.

Once she wept o'er wrong and sorrow Birds of Eden, on the morrow, Warbled dirges o'er her head Velvet leaf and snowy blossom Crowned her young and rediant trow

> From the Baltimore Patriot of yesterday.) September 16, 1852.

To J. F. McJILTON, ESO.

SIR: I duly received your letter of the 13th instant, and, although in the publications that have recently appeared relative to a scene in the city of Mexico, between General Pierce and an officer of the army, my name has not been mentioned, there can be no doubt that I am the person alluded to, and I have felt indignant at the use attempted to be made by the impression and opinions I have heretofore expressed, in regard

that occurrence. In several conversations with my friends and associates relative to the incidents of the Mexican campaign, both before and since General Pierce's nomination, I have more than once spoken of the occurrence with no desire or intention, however, that my animadversions, although not confidential, would be dragged into the newspapers for political effect, but in the ordinary exercise of my rights and privileges as a citizen and gentleman, and for the truth of my remarks I would always consider myself respon sible to those interested

The publication in the Old Defender, of the 4th inst., was made without my knowledge or consent. It was a material misrepresentation of what I have said or intended, and I have so declared it to be to all with whom I have conversed in regard to it, and, among others, to the editor of the Argus. THE SUBSTANCE OF MY OBSERVATION, IN REGARD

TO THIS DIFFICULTY OF GEN. PIERCE'S, IS, THAT A statement was received from the Mayor of ACCORDING TO MY IMPRESSION, ON THE MIGHT the bank account of the Corporation on the 1st PRIOR TO HIS LEAVING THE CITY OF MEXICO, HIS instant; which was read and referred to the Com- FACE WAS SLAPPED AT A GAME OF CARDS, BY AN OFFICER OF THE ARMY, AND THAT THE INDIGNITY WAS NOT AT THE INSTANT, OR, AS FAR AS I LEARNand Means, reported a bill entitled "An act making an appropriation to pay the Register, AS IN MY OPINION IT OUGHT TO HAVE BEEN BY A TAX-Clerk and Book-keeper;" which was read three times and according to the second sec For these imputations I would, of course, be

responsible to Gen. Pierce and his friends; and I must say that any imputation to me of a statement inconsistent with the foregoing, would be a misapprehension which I could not excuse. Very respectfully, your obed't servant,

GEORGE McLANE, Brevet Captain, U. S. A.

Letter from Mr. Graham. HILLSBOROUGH, N. C., August 25, 1852. GENTLEMEN: Your letter, propounding a series of interrogatories, at the instance of the Southern assembled at Montgomery on the 12th ultimo,

has been received. In reply, I have the honor to say that I am by birth, education, residence, association, and interest, identified with the South. These, with my past life, afford, in my opinion, a better guaran-tee of fidelity to all her just rights than any deency of having the sewer at the corner of G clarations of abstract or speculative opinions, street north and Fifth street west put in a safe after I have been, by acconvention of my political after I have been, by a convention of my political friends, placed before the nation as a candidate Mr. Easny, from the Committee on Police, to for a high station. I desire to see an end to the which was referred the bill from the Board of agitation of slavery in connexion with national politics; and I believe that by a faithful adherence to the adjustment made by the Compromise of 1850, and the execution of the law as it has been carried out by the present Executive head lution in relation to the pump in the alley in of the government, the country is destined to a repose and security on this exciting topic such

as it has not enjoyed since the agitation commenced. While this appears to be the general state of public feeling in all sections, I can perceive neither a necessity nor utility, on the part of the South, for a discussion of the extreme cases of apprehended injury comprised in your interrogatories, as among the practical questions of the times; such was the unanimous opinion of those patriotic citizens of the South who were delegated to the convention by which I was nominated, and who required only an acquiescence in the Compromise as a security for their rights in the present juncture; and in that opinion I concur. shall undertake to establish no new tests of orthodoxy, to fan the flame of local excitement in the one section or the other, but, if elected, will as ume the powers devolved on me with an impartial mind, and a purpose to maintain the integrity of the Union upon principles just, constitutional, and liberal towards all its parts.

the am, very respectfully, your obedient servant,

ommittee. P. S.—The reception of your letter in the midst of my preparations for departure from Washington, and necessary engagements in the removal and establishment of my family at home, has occasioned a delay in its acknowledgement, which trust will be ascribed to no feeling of disrespect.
